

Technology Forum 2019 Matchmaking Event **15 April 2019, Thessaloniki, Greece**

The organising committee of [Technology Forum](#) invites you to participate in

[Technology Forum 2019 Matchmaking Event](#)

The matchmaking event aims to promote business, technological and research partnerships bringing together the vivid ICT community from Greece, South-East European countries and beyond. Innovative companies, universities, research centers and other organisations active in the wide **ICT sector** are invited to expand their network, explore new ideas and develop cooperation potential following a programme of pre-arranged meetings.

The matchmaking event will be held in the framework of [Technology Forum 2019](#) on the 15th of April, in Thessaloniki, Greece and it is organised by [PRAXI Network](#), coordinator of [Enterprise Europe Network – Hellas](#). The event focuses on ICT technologies such as big data, cloud computing, machine learning, etc.) and ICT applications in smart cities, energy, healthcare, education and more.

Reasons to participate

- ✓ Expand your network and find potential partners
- ✓ Build partnerships for research and technological collaborations
- ✓ Explore business opportunities with innovative SMEs
- ✓ Meet innovators, start-up and spin-off companies

Technology Forum: A few words on the event

Technology Forum started as a local initiative with the synergy of academic, research and business organisations of North Greece. During the last five years it has been established as a major cooperative event in Thessaloniki, gathering entrepreneurs, researchers and innovators and aiming to present ICT technologies, award past co-operations among the R&D and the business ICT community, boost the regional innovation ecosystem and promote partnerships.

Technology Forum is organised by: the Aristotle University of Thessaloniki (AUTH), the Association of Information Technology Companies of Northern Greece (SEPVE), the Centre for Research & Technology Hellas (CERTH), the Region of Central Macedonia (RCM), the General Secretariat for Research & Technology (GSRT), the Alexander Innovation Zone (AIZ), the Hellenic Management Association (EEDA), the University of Macedonia (UoM), the Alexander Technological Educational Institute of Thessaloniki (ATEITH), the Greek Ministry of Digital Policy, Telecommunications and Media (MDPTM), the PRAXI Network, the International Hellenic University (IHU), the Greek International Business Association (SEVE), the Enterprise Greece (EG), the Ministry of Interior/Macedonia-Thrace (MIMT), the Balkan and Black Sea ICT Clusters Network (ICT-BBS), the Thessaloniki Municipality (TM), the Thessaloniki Tourism Organization (TTO), the Federation of Industries of Northern Greece (SBBE) and the Greek Computer Society (EPY).
